**Subject.** Letter No 1398/P dated the 26th May / 6th June 1903, from the Senior Surgeon, forwarding for orders copies of correspondence between the president Bangalore city Municipality & himself Re. the entertainment of a clerk.

**Note.** The president, Bangalore city Municipality appointed one Rangaraja Rao, as a clerk on Rs 15/- per mensem, with effect from 1st August 1902, to be in charge of records, registers and accounts to be connected with works of the Bangalore city Improvement and requested Sanction of the Senior Surgeon, in his letter No 378/P4 dated 20/23 Rd October 1902, i.e nearly 3 months after the clerk was entertained. The president explained that the entertainment of the clerk in question was necessary as the officers who were employed on the above works were withdrawn & there were several cases of payment of Compensation, acquisition of sites &c still pending & the records connected therewith remained unsorted.

2. The Senior Surgeon, in his docket No 48 dated the 6th November 1902, informed the president that Sanction could not be accorded to the above appointment from plague funds & that the work should be got through with the help of the municipal accountants.

3. With reference to the above, the president, in his docket No 710 dated the 20th May 1903, reported (C) to the Senior Surgeon, that the clerk referred to was entertained in anticipation of Sanction, as it was considered that his services were necessary for arranging the unassorted records of the office of the City Dy Assistant & that of the D.P.W. overseer who were engaged in acquiring & demolishing condemned houses & that his services were dispensed with, with effect from 5th Decr 02 and requested to obtain Sanction of Govt. to disburse the pay of the clerk for the above period.

5. Nevertheless the President, Bangalore City Municipal Commission, makes a further reference on the ~~subject and details~~ repeats the circumstances under which the services of the clerk in question were entertained without the previous sanction of Govt. It is alleged that the accounts, Registers and other records connected with the various improvements in the city were all transferred to the municipalty in a very confused state, that parties claiming compen-sation had to be paid, that petitions from parties for whose lands &c. compensation was to be settled had to be disposed of, that monthly accounts had to be rendered to the Comptroller in time ~~and~~ that the ~~accounts~~ accountants of his office were fully employed with their own work and that in view therefore of these peculiar circumstances sanction may be accorded to the clerk in question being paid at Rs15/- per mensem from 1st August to 5th December 1902.

Sir,

I have the honor to state that I have entertained in anticipation of sanction one Nagaraja Rao as a clerk on Rs.15/- per mensem with effect from 1st August last, payable out of Plague Funds, to be in charge of records, registers and accounts &c connected with the marginally noted works. The favor of sanction is requested as the appointment was necessitated under the following circumstances:-

When the plague preventive measures were started in the City in 1898, a separate Accountant on Rs.35/- had been employed in the Municipal office out of Plague funds to look after the accounts and correspondence connected therewith. A special Overseer on an allowance of Rs.25/- had also been temporarily employed out of Plague funds to supervise the demolition of condemned houses. Both these hands were dispensed with in May 1900 when the reduction of the Plague establisment in the City was effected. Subsequently the maintenance of plague accounts devolved on the Accountants of the Municipal Office, who are only two in number, in addition to their own work. The demolition of condemned houses was entrusted to Overseer Srikantiah of the Public Works Department who had been deputed to work under the Municipality in connection with the Plague preventive measures and to mark out conservancy lanes and prepare plans therefor. He

was

was also latterly put in charge of the work of filling the fort-trench with a temporary Sub-Overseer on Rs.20/- (Nagaraja Rao referred to above) and a peon on Rs.8/- per mensem to help him. In April last Mr. Srikantiah was recalled to duty in the Public Works Department although some of the works started by him remained in an uncomplete condition at the time. The City Deputy Amildar Mr. Kesaviengar was accordingly directed to look after the works of the Overseer in addition to his own duties taking assistance from the above mentioned Sub-Overseer Nagaraja Rao. In July last Mr. Kesavaeingar was also ordered to revert. The quantity of work which had remained incomplete at that time was as follows:-

| | | |
|---|---|---|
| 1. | Demolition of houses- - | 102 cases |
| 2. | Settlement of Compensation - | 332 -do- |
| 3. | Demolition of houses, sites to be inspected by the members of the special committee. - - - | 231 -do- |
| 4. | Sites to be acquired- - - | 311 -do- |

Since the reversion of Deputy Amildar Mr.Kesavaiengar the work of the demolition is being attended to by the Hackney carriage Inspector Varadappa without any renumeration and the papers and registers connected with the above work are in charge of Nagaraja Rao. The pay of the latter as temporary Sub Overseer was met out of provisions for filling the fort trench upto end of July last. That work has since been stopped and Government have ordered that the cost of filling the trench should be borne by the Municipality. The services of a separate clerk to be employed out of Plague funds was therefore urgently needed to be in charge of the papers, registers, accounts correspondence connected with the works referred to above.

Enclosure No.

Referring to his docket No.48 dated the 6th November last, has the honor to state that the services of the additional hand applied for in this office letter No.378/Pg dated 23rd October 1902, were not intended to be utilized as Accountant and clerk for Plague work in this office, but for arranging the unassorted records of the office of the City Deputy Amildar and that of the D.P.W. Overseer who were engaged in acquiring and demolishing condemned houses under the Epidemic Diseases Regulation, opening out conservancy lanes, supervising the work of filling the fort trench and various other works. The services of these Officers having been dispensed with by Government all on a sudden, there was not even time enough to receive the records properly. The

The quantity of work that remained in complete when the City Deputy Amildar and the D.P.W. Overseer were directed to revert to their former appointments, is clearly explained in the letter quoted above. As it was found very difficult to trace out the records connected with demolition of houses in different Divisions for settlement of compensation as cases came up, by the Accountants of the Municipal office who were already charged with Plague accounts and correspondence in addition to their usual work which by itself requires the undivided attention of two Accountants and as a clerk for sorting the records was considered very necessary, the undersigned in anticipation of sanction, appointed a clerk on Rs.15/- per mensem temporarily with effect from 1st August last. Since the Senior Surgeon was not pleased to apply to Government for the service of the above clerk, he was dispensed with, with effect from 5th December 1902.

The undersigned now requests the Senior Surgeon to be good enough to move the Government and obtain their sanction for the pay of the official being passed by the Comptroller from 1st August to 5th December 1902 as his services could not be dispensed with till ~~this~~ then.

SIR,

With reference to the correspondence ending with the Senior Surgeon's docket No. 1951/P dated the 19th January last, copy thereof is herewith submitted for reference, re the appointment of a temporary Clerk on Rs 15/- in the Municipal Office in 1902 to be in charge of demolition papers &c, I have the honor to state that the then President Mr. Sparkes made the said appointment in anticipation of sanction and the Government has since declined to sanction it on the ground that it was unauthorized and that previous approval

should have been obtained.

At this distance of time it is not possible to state why sanction was not applied for and obtained previous to the entertainment of the clerk in question. It is however presumed that it must have been due to the urgency necessitating immediate employment. The clerk was employed from 1st August to 5th December 1902 and pay has been disbursed out of Plague Funds for the first three months and it is pending payment for the remaining period.

disbursement of his pay cannot in
